

**INVITATION TO BID NO. 18-600-003**  
**Wise County, Texas**

**BID TITLE:** *Bulk Fuel-Gasoline and Diesel*

**SEALED BIDS WILL BE RECEIVED UNTIL:** *10:00 a.m. central time, Thursday, August 10, 2017*

**RETURN BIDS TO:**  
*Wise County Asset Control Office*  
*400 W Walnut, Decatur or*  
*P.O. Box 952, Decatur, TX 76234*

*All bids must be submitted in a sealed envelope on the enclosed bid forms and received on or before the date and time specified above. The bid envelope must have a return address in the upper left-hand corner and the bid name and number in the lower left-hand corner.*

**SCOPE**

Wise County is now accepting formal sealed bids for a contract for the purchase of bulk gasoline and diesel for various county agencies.

This contract will be effective from October 1, 2017 through September 30, 2018.

This contract may be canceled with 30 days written notification by either party to the other.

**SPECIFICATIONS**

It is the intent of these specifications to describe fuel suitable for use in county vehicles.

Any catalog, brand name, or manufacturer's reference used in describing an item is merely descriptive and not restrictive unless otherwise noted, and is used only to indicate type and quality of material. Bidders must state exactly what they intend to furnish. If bidder takes no exception to specifications or reference data, he will be required to furnish items as specified in the bid.

The types of fuels being sought under this contract are as follows:

1. Super, Supreme, or Extra Unleaded gasoline with a minimum octane rating of 93
2. No. 2 diesel with a minimum cetane rating of 25 and a maximum sulphur content of 0.3 at 100 degrees Fahrenheit, no red dye

All fuels must be of high quality and free of foreign substances that present a potential hazard to County equipment or contamination of storage facilities. Any damage experienced by County equipment or contamination of storage facilities will be the direct responsibility of the vendor for repair or replacement.

The County reserves the right to check the vendor's manifest and/or submit, to a laboratory, samples of fuel delivered for verification of octane/cetane/sulphur ratings.

In order to comply with State laws concerning competitive bidding while maintaining as much continuity as possible between the County and its contracted fuel vendor(s), Wise County has elected to utilize a "fluctuating price" contract(s) which takes the changing fuel market conditions into consideration over the contract period.

Thus, each bid should clearly delineate each fuel's profit (margin). This is the amount charged over OPIS Dallas Metro Gross Average 10 am rack price for the date of delivery.

Under this arrangement, the per-gallon price charged the County will be allowed to fluctuate within the contract, provided the difference between the vendor's per-gallon cost and the per-gallon price to the County remains constant and can be verified at the discretion of the County.

The successful bidder must check each of the County's bulk fuel facilities as frequently as needed to assure the routine replenishment of fuels without the County having to notify the vendor of its need. Monitors may be used. If there is an additional cost, this must be listed.

The successful bidder may need to add any needed additive during winter months to prevent gelling of diesel fuels. This **must** be discussed with the department head prior. The diesel bid price must NOT include this additive in the cost of the fuel as the cost of this additive is to be billed separately from the cost of the fuel.

Wise County will pay ONLY the required State tax on fuels. It is the sole responsibility of the bidder to recoup any taxes he has had to pay from the appropriate taxing entity.

All invoices must show the base per-gallon cost being charged the County as well as all appropriate taxes.

A separate sheet delineating, by department and by fuel type, the total amount of fuels purchased during the month must be sent along with all bills, invoices, and statements.

The contract(s) will be awarded to the bidder who, in the judgment of the Commissioners' Court, tenders the lowest and best bid on the basis of that vendor's per-gallon profit (margin), including all freight and delivery charges.

The County will award bids in six separate and distinct categories. They are:

1. Delivered bulk gasoline for Public Works
2. Delivered bulk diesel for Public Works
3. Delivered bulk diesel for Precinct #1
4. Delivered bulk diesel for Precinct #2
5. Delivered bulk diesel for Precinct #3
6. Delivered bulk diesel for Precinct #4

## **DELIVERY POINTS**

Since bid prices must include consideration of the vendor's delivery to various County-owned facilities, a list of those delivery points follows. It will be the responsibility of the successful bidder to deliver fuels upon demand to those locations by vendor-owned or -contracted means throughout the contract period.

1. **Precinct #1:** Highway 380 and FM 51 North, Decatur.  
10,000-gallon aboveground diesel tank.
2. **Public Works Department:** FM 51 S. Decatur, TX.  
1000-gallon aboveground unleaded gasoline tank.  
1,000-gallon aboveground diesel tank  
1500-gallon aboveground diesel tank
3. **Precinct #2:** Highway 81/287 and FM 1655, Alvord.  
10,000-gallon aboveground diesel tank.
4. **Precinct #3:** FM 730 South, Boyd.  
10,000-gallon aboveground diesel tank.
5. **Precinct #4:** Highway 380 East, Bridgeport.  
10,000-gallon aboveground diesel tank.

All tanks require a pump to fill and have a 3" hole.

## **ESTIMATED QUANTITIES**

See attached invoices which represent purchases made to date during FY17. Because Wise County's needs are seasonal in nature, it is not feasible to offer prospective bidders estimated quantities needed during the year. Wise County will in no way be bound to purchase any predetermined amounts under this contract. All purchases will be based on the County's actual needs.

## **INSURANCE**

Upon request, the successful bidder must provide evidence of insurance that will indemnify the County in the event that damage is incurred to any County vehicle as a direct result of faulty fuels delivered by the successful bidder.

## **GENERAL CONTRACT TERMS AND CONDITIONS**

The contract price for this service must include all ancillary costs associated with the service.

The bidder reserves the right to charge any price desired as long as it does not exceed the bid price.

All invoices will be paid on a net 30 basis. No late fees or interest charges are to be assessed against the county.

**Invoices must show the address and department where the service was required and the bid number. Each department/precinct must be invoiced separately.**

Invoices must be sent to:

Bidders must submit their bids on the attached forms and they must be originally signed.

By submitting and signing the attached bid forms, each bidder is indicating that he has read and understood the instructions, terms, conditions, specifications, and invitation to bid and agrees to comply with and be bound by its precepts. Submission of a bid form shall constitute an offer on such terms that shall remain open and irrevocable until such time as a bid submitted on same has been accepted by the Commissioners' Court of Wise County, Texas. Acceptance of same by the Court shall create a contract between the parties based upon the instructions, terms, conditions, specifications, invitation to bid, and the bid forms. **Award notice will include information on form 1295 disclosure that must be completed and returned prior to any bid award being considered final, contract being signed by Wise County, any Purchase Order being issued by Wise County, or any notice to proceed with work being issued by Wise County. Wise County cannot advise on the form 1295. As this is a new law and form, if you have questions, the Texas Ethics Commission implemented the law and**

generated the form so we would suggest calling them at 512-463-5800 or <https://www.ethics.state.tx.us>.

Continuing non-performance of the vendor in terms of specifications shall be basis for termination of the contract by Wise County. Wise County shall not pay for work, equipment, or supplies that are unsatisfactory. Vendors will be given a reasonable opportunity before termination to correct the deficiencies. However, this shall in no way be construed as negating the basis for non-performance termination.

A Conflict of Interest Questionnaire and explanation has been included with this bid packet. If you have any questions about compliance, please consult your own legal counsel. Compliance is the individual responsibility of each individual, business, or agent who is subject to the laws filing requirements. If you are required to file a Conflict of Interest Questionnaire, the original signed questionnaire should be filed with the County Clerk's Office. **DO NOT INCLUDE THIS FORM WITH THE BID PACKET. OIL COMPANY, INC.

Wise County

Bulk Fuel: Gasoline & Diesel 18-600-003

Martin Eagle upon approval of Wise County will continue the Monitor Program at no cost to the County. It will remain the responsibility of MEO to maintain the equipment and update any changes the apply to the equipment.

Enclosed are update of taxes and fees that are charged as separate line items. MEO will continue to monitor these fees and taxes if applicable apply them as separate line items.

As fuel change MEO would like to alert the County that fuels no longer have the shelf life they once did. In diesel fuel because of the removal of sulfur the fuel has lost some lubricity and the ability to kill fungus and bacterial. Tanks collect moisture and that can lead to problems. We see it mostly in equipment that is idle for long periods of time or in tanks that do not have a regular cleaning program or inspection for water from the tanks sweating. We have products that are some of the best in fighting these problems. If the County is interested in such preventative programs we would be glad to explain what we do with our own tanks.

We thank you for your business and we hope we are once again selected as your fuel provider.
