Dear Customer:

Our records indicate that you have a lease set to expire in approximately 60 days. As our normal course of business, Airgas automatically generates an invoice to renew each lease prior to the end of the lease term. However, sometimes our customers have needs that require adjustments to the normal renewal.

Some requests for changes include: 1) reduce the number of cylinders covered by the lease; 2) increase the number of cylinders covered by the lease; 3) change the type/size of cylinders covered; 4) change the expiration on the lease so that other leases could all expire during the same month; 5) change the Purchase Order reference; and 6) expire the lease entirely.

As you know, leases have price reductions built into them. While our normal monthly rental rate is one value, an annual lease has a discount built in so that the annual cost is much lower. So, there are great financial benefits to keeping and maintaining leases on cylinder balances.

The current lease set for renewal will be invoiced within the next month or so. Below is a summary of that sales order and details regarding the renewal.

Part No	Description	Term	Quantity	Amount
LSECYL	LEASE CYL	1 YR	1	\$88.12

If you would like to make any of the changes listed above, please contact Athena Liaguno at (469) 533-1095 or athena.liaguno@airgas.com.

If we do not hear from you within the next 15 days, we will begin the process to convert the order into an invoice.

Airgas continues to work diligently to provide quality products and service. Thank you for your continued loyalty.

Regards,

Athena Liaguno
