

intrado[®] ENS Service Agreement

The undersigned emergency notification services providers, acting pursuant to P.L.106-61 (also known as The Wireless Communications and Public Safety Act of 1999), do hereby request that Intrado Inc. provide emergency data for all telephone subscribers located within the geographic boundaries where the undersigned provides emergency notification services, including data associated with subscribers whose telephone numbers are not listed or published.

The undersigned agrees to protect and maintain the confidentiality of the data provided pursuant to this request and will ensure that such data shall be used exclusively for those purposes permitted by applicable law or regulation. In the event that the undersigned shall cease to be a provider of emergency notification services, the undersigned agrees to immediately destroy all emergency data provided by Intrado and to provide written confirmation thereof 5 business days advanced notice following termination of notification services.

In making this request, the undersigned does further agree to pay Intrado Inc. those prices and fees specified below with respect to data provided by Intrado in response hereto. Data extracts provided by Intrado only contain intrado maintained areas. The undersigned understands they must request non-Intrado data from the correct ALI database provider.

	All service option changes must be requested in writing.			

The undersigned understands and agrees that in order to act on this request, it must first provide Intrado with information sufficient to identify the requested data set. That information must include the Emergency Service Numbers (ESNs) of the area(s) for which subscriber data is to be provided, the selective router to which those ESNs are assigned, and the County name for which the data is being requested. Accordingly, upon receipt of this request, together with the Data Detail Form, Intrado will contact the undersigned to coordinate the requisite exchange of information and to familiarize the undersigned with all methods and procedures related to the provision of subscriber data hereunder.

The undersigned represents and warrants that he/she is fully authorized and empowered to make this request and to bind the entity on whose behalf this request is made.
