The location and description of the proposed installation and appurtenances must be fully shown on the attached detailed drawings.

The Company shall commence actual construction/work in good faith within 60 days from the date of said permit and shall complete said construction /work within 10 working days. (COMPANY MUST FILL IN). If such construction is not begun by the 60th day, Company will be required to apply for a new permit.

Company declares that prior to filing this application, it has ascertained the location of all existing utilities, both aerial and underground, and the filing of this application is prima facie evidence that the proposed installation will not conflict with any existing utility.

A copy of this permit shall be kept at the job site any time work is being performed.

It is expressly stipulated that this Permit is a license for permissive use only and that the placing of facilities upon public property pursuant to this permit shall not operate to create or vest any property right in said holder.

It is understood and agreed that the rights and privileges herein set out are granted only to the extent of the County's right, title and interest in the land to be entered upon and used by the holder and the holder will at all times assume risk of and indemnify, defend and save harmless Wise County from and against any and all loss, damages, cost or expense arising in any manner on account of the exercise or attempted exercise by said holder of the aforesaid rights and privileges.

Any deviation from these specifications must be approved by Wise County Engineer's Office or its designated representative.

Approval of County Engineer's Office may take as long as two weeks after complete application is received.

Applicant agrees to comply with all rules of the County Commissioners and the County Engineer in construction of said installation attached hereto as **WISE COUNTY DESIGN STANDARDS AND SAFETY PRECAUTION REQUIREMENTS FOR WORK CONDUCTED IN WISE COUNTY RIGHTS OF WAY** and incorporated herein for reference.

In the event Company fails to obtain a permit prior to the installation or does not install utilities in compliance with installation requirements set forth herein (i.e. depth, location, etc), Company assumes all financial responsibility for damages and/or destruction of lines, cables, etc. based upon its failure to comply with Wise County requirements.

Applicant agrees that if Wise County demonstrates a violation of the terms of this policy, Applicant stipulates that requisites for injunctive relief exist and that Wise County is entitled to relief enjoining any conduct by applicant which is contrary to the policies.

This permit is a revocable permit. Wise County reserves the right to revoke this permit at any time, in the sole discretion of Wise County, for interests of public health, safety or welfare, or for failure to repair any damages upon demand, or for any other reason deemed sufficient by Wise County.

In the event Company fails to comply with any or all of the requirements as set forth herein, the County may take such action as it deems appropriate to compel compliance. The County Engineer further retains the right to revoke this Permit by verbal notification to the Applicant/Company.

Failure to obtain this permit and/or notify the County Engineer's Office within 24 hours of beginning construction shall constitute grounds for job shutdown.

By signing below, I certify that I am authorized to represent the Company listed below, and that the Company agrees to the conditions/provisions included in this permit.
