RE: Bid # 15-600-008

Dear Ms Alexander,

Due to the recent price decrease in liquid asphalt, Rooker Asphalt wanted to notify you of the current prices on MC 30, MC 800. The current prices are as follows:

MC 30	\$ 3.86 per gallon delivered
MC 800	\$ 3.51 per gallon delivered
AC 5	\$ 2.55 per gallon delivered
AC 10	\$ 2.45 per gallon delivered

At this time these are the only prices that have changed.

Originally, AC 5 & AC 10 were bid out of Wynnewood. We can now get these products out of Wright / Saginaw, for the prices stated above.

These prices are subject to change. We wanted to keep you advised of the current prices so that you may plan your budget accordingly.

We promise to give you our best efforts at delivering quality asphalt products in a timely manner. We thank you for your business.

Thank you,

Matt Rooker
VP of Operations
