To the Elections Commission of Wise County,

In 2008 the County Judge, County Clerk, Tax Assessor Collector, Democratic Party Chair, and the Republican Party Chair met and decided to offer me the position of Elections Administrator. I gladly accepted the position. I have enjoyed working for the voters of Wise County over these years. The County, city, school, and political officials have been great to work with. The Department has grown in the ability to service the voters of the county. The staff in the Elections Department is well trained and works well with people. There are still steps to be taken but the office is well positioned to do so.

All that said, I was offered and have accepted the position of Elections Administrator in Denton County Texas. At this point in my life I have decided this is the next step to take. I have indicated to the county judge that I would continue in my current position until September 26th 2014 and he indicated that date would be agreeable.

Thank you for your trust and support during my service to Wise County,

Lannie Noble
Wise County Elections Administrator
